VISITORS GUILTY OF LOOTING

Complete Absence of Thieving and In-
toxication Among the Soldiers, but
Curio Hunters Carry Away Various
Articles—Insurrectos Enlarge Upon
Their Demands Before Peace Can
Be Established.Juarez, Mex., May 12.—Mexico's pro-
visional government became an estab-
lished fact with the naming of a cabi-
net by Francisco I. Madero, Jr., pro-
visional president and with the estab-
lishment of a capital at the captured
city of Juarez. The cabinet follows:Dr. Vasquez Gomez, minister of for-
eign relations; Gustavo Madero, min-
ister of finance; Venustiano Carranza,
minister of war; Federico Gonzalez
Garza, minister of the interior; Jino
Suares, minister of justice; Juan San-
chez Azcona, secretary to the presi-
dent.Secretary of War Carranza will have
charge of the railways and telegraphs,
and his first act was to grant permis-
sion for the repair of the Mexico
Northwestern railroad. A gang of
men immediately set to work repair-
ing the torn up roadbed south of
Juarez.Gonzales Garza will have charge of
the mail service and Secretary of the
Treasury Gustavo Madero will direct
the affairs of the custom house.

Rebels Are Behaving Well.

That the insurrecto army is more
than an armed mob was shown in the
complete absence of looting and in-
toxication and the quickness with
which the shattered city was cleared
of its dead and wounded.The embargo against visitors was
removed and curious sightseers in
thousands poured across the bridges
from El Paso.Yet only occasional cases of looting
were reported, and these not by the
insurrectos themselves, but by insat-
iable curio hunters, one of whom tri-
umphantly displayed in El Paso two
silver candlesticks taken from the big
church in which the federals made a
desperate stand.In the meantime the insurrectos are
not overlooking the possibility of at-
tack from Colonel Rabago, reported
approaching from Chihuahua with a
relief force. Surprise from the south
is carefully guarded against. Juarez
itself contains the larger part of Ma-
dero's original force of 1,540 men,
augmented by several scores of volun-
teers, who during the day enlisted un-
der the banner of the victorious rebel
army and were armed with captured
rifles.

MADERO AND CABINET CONFER

Ready to Resume Peace Talks, but
Diaz Must Resign.Juarez, Mex., May 12.—The first
conference of Provisional President
Madero and his cabinet took up a plan
for procedure for resumption of peace
negotiations, but no announcement
was forthcoming in regard to it.The rebel chiefs are now disinclined
to spread any peace talk. They say it
has a disconcerting effect on insur-
recto activity in other parts of the
republic and military operations, they
believe, should continue vigorously un-
til a definite peace agreement is
signed.The revolutionists say they are
ready to treat for peace, but their de-
mands naturally have been strength-
ened by their recent successes. Be-
fore the battle they asked only four
ministers in the cabinet; now they de-
mand the entire cabinet.The rebel chiefs will consent to no
terms until a definite understanding is
reached regarding President Diaz's re-
signation.

WILL NOT DISCUSS WAGES

Switchmen's Union Will Avoid Subject
at St. Paul Convention.St. Paul, May 12.—"The question of
wages will not be discussed at the
convention. Times are too depressed to
talk of anything like that." So said
President Frank T. Hawley of the
Switchmen's Union of North America.
The convention opens Monday at the
old capitol and will continue ten days.
About 600 delegates and alternates
will attend.CLOSING ARGUMENTS
IN DEITZ TRIALState and Defense Each Have
Three Hours' Time.Hayward, Wis., May 12.—The final
rounds in the Deitz murder trial, com-
menced a 9 o'clock this morning, when
the state commenced its closing argu-
ments. Judge A. H. Reid announced
that the defense and prosecution
would each be given three hours for
the closing arguments. Deitz objected
to the arrangement, but was told it
was not a matter for argument.The state rested its case. John
Deitz announced that the defense had
no further evidence to add. "We had
nothing to do with the killing of Oscar
Harp," Deitz said, "and have no evi-
dence except our plea of not guilty.""You have no right to make that
statement unless you are on the
stand," said the court.The state immediately agreed to the
three-hour limit set by the court of
the closing argument."I don't think we can finish in half
a day," said Deitz."The court must set a reasonable
limit," Judge Reid said."I would like to offer a review of
the case from the beginning. I feel
that it is necessary to show up the
conspiracy in the beginning.""I should remind you that you will
be required to confine yourself to the
evidence in the record," said the court.The prosecution has introduced
evidence from the beginning of the
whole trouble," Deitz remonstrated."We will not argue that now," said
the court.The state opened with one hour.
The defense followed with three
hours. The state will close with two
hours.

SPLENDID CROP CONDITIONS

Wisconsin Reports Show About Nor-
mal Growth.Madison, Wis., May 12.—Crop condi-
tions throughout Wisconsin are about
normal with slightly better prospects
than in 1910, according to the spring
farm crop report issued by the state
board of agriculture through Sec-
retary R. W. Rowlands. More favor-
able weather conditions than existed
last year are forecasted for this spring
and a corresponding good effect is ex-
pected on the summer produce.The only crops that have suffered
thus far and are farther behind than
they were last year are clover and
alfalfa, although there seems to be a
slight decrease in winter wheat and
barley and spring rye.

Robin Redbreast.

The familiar name of "robin red-
breast" is now borne in North Amer-
ica by a large red breasted thrush, in
the island of Jamaica by a tiny crim-
son throated kingfisher and in British
Guiana by a ground starling which pre-
sents the suggestive coloring.

Finn Commits Suicide.

Ely, Minn., May 12.—Jack Jarri, a
noted character in this locality for
several years, committed suicide by
hanging himself to a fence post with
a piece of clothesline. He was a Finn

health.

Motorcycle Causes Death.

Walnut, Ia., May 12.—Alfred Boken,
aged seventeen, living near here, was
killed as a result of a runaway caused
by a motorcycle. The horse he was
driving became frightened and Boken
was thrown into a ditch, fracturing
his skull.FEDERAL MONEY
FOR GOOD ROADSWill Be Used in Establishing
Rural Mail Routes.

THIS DODGES CONSTITUTION.

Senator Swanson of Virginia Is Back
of the Movement, Which Is Popular
in Country Districts—Bald Head and
Whiskers Debate Leads to Offers of
Vaudeville Engagements.

By ARTHUR W. DUNN.

Washington, May 12.—[Special.]—Ex-
ports to expend national money on good
roads have always been blocked by
assertions that there was no constitu-
tional authority for such purpose, but
a method has been found to overcome
or get around the sacred document in
this regard.Senator Swanson of Virginia has in-
troduced a bill appropriating \$100,000,
000 of national money for good roads
to be expended in the next five years.
He provides that it shall be expended
upon roads used as post roads and
rural delivery routes. They are the same
thing.If the government marks out a route
for a rural delivery carrier to follow
it becomes a post road. The constitu-
tion gives congress authority to "es-
tablish postoffices and post roads." With
authority to establish postoffices has
been the authority to build post-
offices. Thousands of such buildings
have been provided. By establishing
post roads congress establishes its pow-
er to improve them. There is no long
or a constitutional barrier.

It Is Sure to Come.

It may not be the Swanson bill, but
it will be some bill which will autho-
rize a large expenditure for the im-
provement of the rural delivery post
roads. It is sure to come. The rural
delivery service is becoming more pop-
ular every year, and every year there
is a greater demand for better roads.Senator Swanson is a member of the
postoffice committee and will have an
opportunity to push his bill. More-
over, there is a growing belief in farm-
ing communities that they are not get-
ting their share of the federal approp-
riations, and the rural communities
still control vaudeville circuit.Soon after a bunch of Washington
newspaper men held their great "no
hair and whiskers" stunt applications
came in to get prices on the famous
quartet. Joe Cannon and Tom Carter,
representing the whiskers side, and
Bob Taylor and Nick Longworth, re-
presenting the baldheaded side, for an
indefinite tour of the vaudeville cir-
cuit.It was not insisted that Umpire
Champ Clark should accompany the
quartet, although it was believed that
he could increase the gate receipts.
"What a barrel of money a fellow
could make if he could take that bunch
on the road," remarked one of the
newspaper men. "My wife was dead
set against my coming here." Speaker
Clark told the audience. "She said it
was a silly performance, but I don't
know when I have enjoyed an event
more than tonight."

Byrnes Owed Up.

Congressman Byrnes had a chance
at the tariff recently. In the beginning
he said, "Among the tenderfoot con-
gressmen whose names have been added
to the directory this session I pre-
sume I am the youngest and tenderest."And no one disputed him. They
told us that Byrnes was coming—by
that I mean the South Carolina papers
—and they said he would "wake 'em
up some day." Although he is young-
ful, that did not deter him from sail-
ing right into Jim Mann and John
Dalzell, Joe Cannon and some of the
old leaders on the Republican side.
He was not afraid of them.

He Was Also a Son-in-law.

We were talking about the relative
prominence of men in the house, and
mention was made of Congressman
Longworth, the son-in-law of the for-
mer president. "He married promi-
nence," remarked."Hold on," said Congressman Gar-
ner of Massachusetts. "You are get-
ting on dangerous ground now. Please
remember that I have been a son-in-
law."And I at once recalled that for the
past ten years whenever Gardner did
anything notable—and he has done
many in that time—it was always
stated that he was the son-in-law of
Senator Lodge. I have known a num-
ber of men who figured in the "son-
in-law" category, but only the most
mediocre accepted it without becoming
restive and uncomfortable.

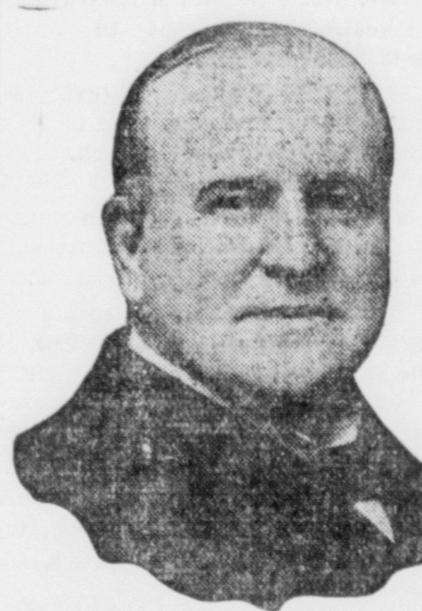

Troops on the Border.

Senator Smith of Michigan is one of
the men the president has taken into
his confidence, and he believes that
the president performed a great patri-
otic duty when he sent the troops to
the Mexican border. Recently the
Michigan senator received a letter from
a friend who lives on the border which
said that only the presence of troops
could prevent an international compli-
cation.The writer points out that if it had
not been for the presence of the troops
on at least one occasion when he wit-
nessed a fight both regulars and in-
surgents would have crossed into the
United States and used our soil as a
place of offense and defense.

HOPE TO GAIN WISCONSIN

Democracy Preparing to Make Vigor-
ous Campaign.Madison, Wis., May 12.—Democracy
in Wisconsin is quietly getting ready
to make a fight for political su-
premacy. To this end the leaders of
that party, many of whom are now
gathered for the legislative session here
have about settled upon the man who
they hope will consent to lead them.He is Joshua E. Dodge of Milwa-
ukee, who a few months ago resigned
as a justice of the state supreme court
Judge Dodge as a member of the high-
est tribunal was not a partisan, but
throughout years of political and fac-
tional strife in this state has been
identified with the Democratic party.REGULARS BITTER
TOWARD INSURGENTSClaim Effort Is Being Made to
Disrupt Party.Washington, May 12.—Regular Re-
publican leaders of the senate charged
that the session in which seven bal-
lots were taken without result with a
view to electing a president pro tem,
demonstrated that the thirteen pro-
gressives are willing to go to any
length to break up the party organiza-
tion in the upper house.Progressives retort that they will
never consent to the elevation of Sen-
ator Gallinger of New Hampshire to
the office of president pro tem. They
charge that he is arrogant, arbitrary
and unfair.The regulars are incensed particu-
larly over the course followed by Sen-
ators Kenyon of Iowa, Dixon of Mont-
ana, Borah of Idaho and Brown of
Nebraska. In the party caucus or con-
ference held Monday the four senators
named voted for Mr. Gallinger as the
party candidate. They later paired
with other progressives, thus reducing
the strength of the Republicans.Progressives express confidence
that they are masters of the situation.
They insist that unless Senator Gal-
linger withdraws his candidacy the
deadlock will be maintained. The
names of Senators Nelson of Minne-
sota, Lodge of Massachusetts and Bur-
ton of Ohio are mentioned as compro-
mise candidates.

RAILWAY COMPANY PAYS FINE

Violations of Interstate Commerce
Act Cost Line \$1,000.Pittsburg, May 12.—The Pittsburg
and Lake Erie Railroad company en-
tered a plea of nolo contendere in the
United States district court here to
charges of violating the interstate
commerce act and Judge C. P. Orr im-
posed a minimum fine of \$1,000. The
railroad company was indicted by the
April special federal grand jury on
twenty counts.Ten of these charged a failure to ob-
serve the tariffs filed with the inter-
state commerce commission and there
with unlawfully granting concessions.
The fine was imposed on the first
count only. The attorneys for the
railroad company gave as a reason for
not entering a plea of not guilty that
certain records had been destroyed
by floods.

Hot Wave in the East.

Washington, May 12.—Washington
was the hottest place in the United
States, the weather bureau recording
94 degrees, with much higher tem-
peratures shown by the street ther-
mometers. All over the Middle Atlan-
tic states a hot wave stretched and
the weather experts held out little
hope of any material relief from the
warmest weather of the season.

Business Portion Wiped Out.

La Porte, Minn., May 12.—The en-
tire business portion of La Porte was
wiped out by fire. Just how or where
the fire originated is not positively
known. Flames were first seen shoot-
ing out from the roof of Andrew
Gohre's store and it is supposed the
fire started in the store from mice eat-
ing matches. The total loss is esti-
mated at about \$25,000.

The dead are: Mrs. A. L. Craig,
Lyons, Neb., and John Craig, son of
Mrs. Craig, of Lyons.A passenger train from Omaha to
Sioux City struck a wagon in which
Mrs. Craig and her son were riding at

pieces of the wrecked wagon lodged

The passengers escaped with a

NO DECISION AS TO ARMS

That Question Has Not Yet Been
Raised in Regard to the Present Sit-
uation in Mexico, but All Such Con-
siderations Would Have to Pass
Through the Custom House—Rebels
Preparing to Collect Duties at
Juarez.Washington, May 12.—Officials were
engrossed in considering questions of
international law relating to rights of
insurrectionists to secure food and
other supplies from neutral territory;
the extent to which the federal au-
thority can go in controlling the ex-
portation of arms and munitions of
war to Mexico and what authority
army officers may legally exercise in
restricting movement of civilians, sol-
diers and rebels on the border.The state department indicated that
the administration of the neutrality
laws reposed in the department of jus-
tice, while exportation of arms and
supplies was up to the treasury de-
partment to decide. The war de-
partment simply abided by its original
orders to the military commanders to
execute neutrality laws as they un-
derstood them and if either the treasury
or state departments choose to sug-
gest any change in the practice the
war department was ready to conform.

Trade to Proceed as Usual.

Actually there was no real question
before the departments, after the legal
adviser of the insurrecto agent here
had been told by the treasury depart-
ment that the trade relations between
El Paso and Juarez might proceed as
heretofore. Thus at least food sup-
plies and merchandise might be car-
ried across the line according to the
usual practice.No attempt was made to decide as
to admission of arms, as that question
had not been raised. Probably it will
not be until an attempt is actually
made to carry an invoice of rifles and
ammunition through the United States
customs house. Conditions then will
have an important bearing upon the
treasury decision.But it is generally believed that in
view of past decisions of United States
courts if such arms and ammunition
are shipped by a dealer in the United
States to another dealer in Juarez
they must be permitted to go through
the El Paso custom house. Any de-
cision as to importations in Juarez
would apply to any other border town.

Conference of Diplomats

Ambassador Wilson informed the
state department of a gathering in the
United States embassy in Mexico City
of the representatives of Great Britain,
France, Italy, Belgium, Spain and Ger-
many. Mr. Wilson, as dean of the
diplomats here, called this meeting at
the request of his colleagues, the pur-
pose being to agree upon measures of
safety for the embassies and foreign
residents of the capital in case of a
siege.The insurrectos are preparing to
reap the practical benefits they be-
lieve are bound to accrue through
possession of an important international
port of entry."We shall immediately appoint cus-
tom house agents to collect duties,
who for that purpose will inspect all
merchandise coming through ports in
our possession," said Jose Vascon-
celos, the insurrecto representative
here. "To avoid damage to public in-
terests, we will recognize invoices
signed by consuls of the Diaz govern-
ment until our own consuls have been
appointed and take office.""Business transactions will go ahead
even though we do not get a formal
recognition of our officers. The fact
that their services will have to be
utilized by all shippers will establish
a de facto situation that probably will
lead to formal recognition by foreign
governments."

"The Store of Quality"

The Lowell school has received a beautiful picture, a Rhine print entitled "Ripening Wheatfield," by the German artist, Hans von Wolkmann. It is a very pretty scene and the manner in which the artist has created the effect of varying distances is something every art lover should see.

The Imperial Quartette left this afternoon for Deerwood where they will give a concert at the Lutheran church under the auspices of the Ladies Aid society of the Methodist church. Accompanying the quartette were Miss Ada Newgard and G. S. Swanson, who will sing solos and Miss Mabel Smythe, the accompanist of the quartette. Mrs. A. F. Sorenson was also a member of the party and will deliver a recitation. Deerwood talent will also assist and as many tickets have been sold for the concert a large attendance is expected.

"LEADERS IN CONFERENCE"

Rev. G. P. Sheridan Writes of the Congregational Conference Held at Superior

The leaders in Congregationalism of the Duluth and Superior conferences met in joint session Tuesday and Wednesday of this week at the Pilgrim church, Superior. The program was strong and representative, it kept the ministers and delegates hustling to attend all the sessions. The "Review of Jefferson's Building of the Church," by Alexander Milne, D. D., was listened to with great appreciation, it being clear, concise and gave to the listener a splendid idea of the contents of this great composition. Sunday school work and missionary enterprise were well represented, papers being presented that showed a great progress along these lines.

Special addresses were given by Rev. I. M. Sheldon, of Madison, Wis., and President M. J. Fenenga, of Ashland College, and these addresses were commented upon as being rich and full of inspiration.

One of the most important presentations was that by Rev. I. W. Barbour, H. D., who spoke on "Opportunities in Northern Minnesota. No one can sit and listen to Mr. Barbour without feeling the sincerity of the man and his message. He reminded us of the modern martyrs who are giving their lives in the small towns in the northern region for the uplifting of their fellows. He told us of the hardships, trials and overwhelming discouragements, he pleaded for men of purpose, patience and practicalness. During the conference many young men were granted a license to preach. The Duluth conference granted Mr. W. J. Horner, of the Peoples church a two year license.

The most impressive part of the conference was the examining of two candidates for the ministry with a view to their ordination. Rev. G. P. Sheridan, of the First Congregational church was a member of the examining council. The young men who presented themselves were Mr. Oscar A. Granholm and Mr. Skidmore. After a very careful examination which proved satisfactory, the council voted that the necessary procedure be made for ordination. Mr. Skidmore at the request of his church at Cumberland, Wis., will have the ordination service at the church in the near future and will take up the work at Cumberland. Mr. Granholm was ordained by the conference and will work among the Finns in Northern Minnesota. In ordaining these men the council expressed the joy in having the privilege of dedicating to the work of the ministry two valuable men, who have during their period of licensure proven themselves great men of God. We have not space to tell of the sociability and fellowship extended by the business men of Superior, who loaned their automobiles to the ministers for pleasure riding, and the program was too rich in detail to mention things in general. But as a closing word, it may be said that on the most inspiring, fruitful and encouraging conferences was held, the result of which we believe will mean a strengthening of the forces in our Congregational churches.

REV. G. P. SHERIDAN,
Pastor First Cong. Church.

At the Grand

The bill for the last half of the week at the Grand is worthy of special mention. Leslie & Day present a new and original act. Their singing and cross fire of jokes captivated the audience from start to finish. Joe Golden's work as an impersonator is exceptionally good and better than many acts of this kind shown in Brainerd.

The picture, "His First Commission," is a story of Abraham Lincoln, will be glad of this film as a little side-light upon the human side of his wonderful character. "The Little Shepherdess" is also a very interesting subject. And for a good hearty laugh, you will get it when you see "An Oriental Abduction." Al Mraz sings "In all My Dreams I'll Think of You" in a very pleasing manner. The Grand merits good houses and it should fill the play house at every performance with the treat provided for the latter part of this week.

The Most Beautiful Thing.

A newspaper recently invited its readers to state in a few words what they considered the most beautiful thing in the world. The first prize was awarded to the sender of the answer, "The eyes of my mother." "The dream of which we know to be impossible" suggested an imaginative person, and this brought him second prize. But the most amusing thing was that which read, "The most beautiful thing in the world is to see a man carrying his mother-in-law across a dangerous river without making any attempt to drop her in."

THIRD AVE. SHOULD BE PAVED NOW

Property Owners Object to Paying Assessments for Improvements Not Put in

MASS MEETING LAST NIGHT

Request Council to Put in Sewers and Extend Water Mains Before Paving is Commenced

A mass meeting of property owners and tax payers of Third avenue, Northeast, was held at the hose house in that ward last night and was attended by over 30 people.

Edward Crust was selected as the presiding officer and Hugo A. Kaatz as the secretary. Each man present was given a chance to air his opinion and the consensus of ideas expressed was to the effect that all present objected strenuously to paying assessments and interest on paving which had not been put in.

Third avenue should be paved with cement this spring from Kindred street to the street north of the Lowell school. And another point brought out was that the sewers should be put in and the water mains extended before the paving was laid, otherwise the costly job of cement would have to be torn up to make way for later improvements.

Sewer and water mains should be laid and then paving should be installed. "What's the use of paying taxes for five years probably on an improvement before it is put in," said one energetic member of the mass meeting. "Let us have our improvements now, not years after we have made our payments."

A committee of five was appointed to draw up a petition embodying the views of the taxpayers present and to add also the request that the paving should be done by contract and that the work be advertised for bids. On this committee are Richard Ilse, Charles H. Ritter, A. G. Forsythe, George Whitney and E. F. A. Evenson, and they will appear before

the council next Monday evening.

Another point, having no reference to paving however, was that the council should take some steps to pass an ordinance or enforce existing law to discourage the practice some people have of "cutting" across vacant lots, around corners, over lawns on the boulevards, etc.

BASEBALL SATURDAY

Brainerd High school Plays Cloquet at Koering Field at 3 P. M.

One of the hottest games of the season is predicted tomorrow afternoon, when the local high school team play the high school team from Cloquet. Both teams have won their games so far this season, and both will endeavor to win the high school championship. Cloquet has played Duluth, Hibbing and other range towns and the locals will have to go to the limit to beat them.

Jimmie Alderman, the local pitcher, has been nursing a sore arm but will start the game. The team has been strengthened otherwise. Entriken will hold down the initial bag, while Lund will be shifted to center field. The high school rooting club will be out in a body to cheer favorites on to victory. The game will be played on the Koering grounds and will begin at 3:00 o'clock.

Every one should turn out and attend the game as the Cloquet team comes from quite a distance and has been at some expense to travel to Brainerd. A good crowd exercises a cheering effect on the boys of both nines.

THIRD OPERATING ORE RANGE OPENS

State Expects Big Revenues From the Royalty of Iron Ore Mined in This and Other Counties

SHIPPING FROM CUYUNA RANGE

The Mineral Department of the State Auditor's Office Furnishes Some Interesting Data

What the mines owned by the state of Minnesota are expected to produce this year is shown by estimates prepared by J. P. Funk, in the mineral department of the state auditor's office, as follows, says the Pioneer Press:

"It is a question whether on the whole the Lake Superior district will ship as much ore this season as in 1910, the record year—43,440,000 tons—of which Minnesota shipped about 60 per cent—approximately 30,000,000 tons.

"Of the more than 125 mines opened and operated on the Mesabi range, twenty are state mines. Of these twenty, several were opened during the past year, namely, the Scranton, Morton, Woodbridge, Cavour, Helmer, Cavacoona and Fay.

"The Scranton is a promising mine containing an admitted tonnage of 19,000,000 tons, although the whole tract—120 acres—has not yet been thoroughly explored and a still greater tonnage is expected. The mine belongs to the swamp land fund.

"The first shipments of ore will be made from the Cuyuna range this month and Minnesota can then boast of three shipping iron ranges—the Vermillion, Mesabi and Cuyuna. It is possible that one of the state's mines on the Cuyuna will enter the shipping list this season.

"There was shipped, in 1910, from the state's own mines 1,100,000 tons of ore, from which the school, university and swamp land funds were respectively enriched by \$275,000, that is, a royalty of 25 cents per ton accrues to the state on the output. Aside from this, the state receives annually as minimum royalty payments an in annual rentals on undeveloped mines about \$100,000. There are at present—in force—232 state mineral leases, of which, as stated, only twenty have been developed to shipping mines.

"One state mine—the Grant—so the state's mining inspectors have informed the state auditor, intend to ship out this season 500,000 tons—this mine is near Buhl. Another, the Pool, it is expected, will be not far behind in shipments. It is within the possibilities that the state will receive royalty on an output of 2,000,000 tons this season, netting a revenue of \$500,000, all of which will go to enrich the permanent school and other funds of our commonwealth."

Cubs 15 Parochials 6

In one of the hottest games of the season the North Side Cubs defeated the Parochial team on the McKay grounds last evening, winning by a score of 15 to 6. Werner Hemstead was on the slab for the Cubs and held the Parochials to two scattered hits. Claudius Tucker was the batting star and Claudius distinguished himself by hammering out two home runs.

SCHOOL HOLDS ELECTION

Pupils of the 7th and 8th Grades Form Two Parties, Liberals and Conservatives

"So few boys and girls reach maturity with a clear knowledge of how to vote and how an election is conducted that I have thought it a good plan to allow them to have a mock election," said Miss Katherine Howland, a teacher of the Lowell school.

"All candidates not nominated by the convention will come out with cards, etc., this week and be voted upon at the direct primaries. I thought their platforms good and they have their own ideas and they may prove of interest to others."

In order to become acquainted with the methods of election and the duties of the voters, the seventh and eighth grades of the Lowell school have formed two parties, the Liberals and the Conservatives, who held their respective conventions on Wednesday evening and adopted the following platforms:

We, the conservative party, in convention assembled do indorse and adopt the following as our platform for 1911:

- 1st. Revision "downward" of the tariff.
- 2d. Better conditions for the workmen.
- 3d. Employer's liability law or workmen's compensation act.
- 4th. A rigid enforcement of the laws or else their removal from the statute books.
- 5th. Admission of Arizona and New Mexico.
- 6th. Independence of the Philippines.
- 7th. Old age pension.
- 8th. Reciprocity with Canada.

We, the conservative party, in convention assembled, indorse and accept the following as our platform for 1911.

1. Clean, good government.
2. Reciprocity with Canada.
3. Election of senators by popular vote.
4. "One Cent" railroad rates.
5. Government ownership of railroads.
6. Better safeguards for employees in mines and factories.
7. Admission of Arizona and New Mexico.
8. A more rigid conviction and punishment of trusts and corporations guilty of defrauding the government.

Each convention appointed eleven presidential electors and made the following nominations:

The Liberals nominated:
President—Ben Anderson.
Vice President—Albert Lind.
Governor—Minnie Swanson.

The Conservatives nominated:
President—Bert Norquist.
Vice President—George Irwin.
Governor—Ira Arnold.

The direct primaries will be held on Tuesday, May 16th and the general election May 23. National, state, county and city officers will be elected. All voters will register Monday, May 15.

The qualifications of a voter are as follows:

- 1st. Must be over 13 years of age.
- 2d. Must be a resident of Brainerd at least two months prior to the election.
- 3d. Must be a member of the seventh or eighth grades of the Lowell school.

The Liberal party, by the way, has nominated Miss Minnie Swanson as governor but makes no mention in its platform of a plank favoring woman's suffrage.

The idea of Miss Howland is very good and by giving the pupils the benefit of a concrete example they will be much better informed regarding the franchise and the method of voting than by reading dozens of books on the subject. The election will be watched with interest by other pupils and by many adults too.

ESTHER BELMONT WINS

At Declamatory Contest and Will Represent Brainerd at Stanley Hall Contest

A large audience greeted the seven contestants at the declamatory contest held at the assembly room of the high school last evening to determine which one should represent Brainerd at the big contest at Stanley Hall school, Minneapolis. So close was the contest and so exceptionally well did each girl speak that many in the audience were at a loss which one to select as the winner.

The girls who spoke were the Misses Esther Belmont, Elsie Dorr, Mabel Smythe, Bertha Mahlum, Margie Poppenberg, Effie Drexler and Fern Grondin. The judges were Mrs. Henry I. Cohen, Rev. J. R. Alten and Miss Amy Lowey and after much deliberation they decided on the winner, Miss Esther Belmont.

She will uphold the standard of the Brainerd high school at Stanley Hall and will compete with the girls of Fargo, Grand Forks, Albert Lea college, Pierre, S. D., and Stanley Hall school of Minneapolis.

The program in full is as follows:

1. Music by the eighth grade glee club.
2. "How the Old Horse Won the Bet," Mabel Smythe.
3. "One Legged Goose," Elsie Dorr.
4. "How Salvator Won," Margie Poppenberg.
5. Solo, Miss Hooper.
6. "Bud's Fairy Tale," Esther Belmont.
7. "Miss Maloney on the Chinese Question," Fern Grondin.
8. "Briar Rose," Bertha Mahlum.
9. "Volunteer Organist," Effie Drexler.

The declamations throughout reflected great credit on the girls literary club and the pupils were congratulated for the fine entertainment they had provided the many visitors.

MINNESOTA IS FOR TAFT

Gov. Eberhart in an Interview at Spokane Says There is no Division in Republican Sentiment

Spokane, Wash., May 12.—"While President Taft's advocacy of reciprocity with Canada has produced a division of feeling in my state," said Governor Eberhart of Minnesota, in an interview here today, "we show a practically undivided party. I believe the sentiment of the state is in favor of a second term for the president."

Governor Eberhart was in the city as chief speaker at the annual banquet of the Minnesota Club of Spokane the evening of May 8th, after which he continued his tour of the Northwest. He expects to be home early next week.

"Mr. Taft is the logical republican candidate for president in 1912," Governor Eberhart continued. "He is much stronger than when he made his speech at Winona. He has the confidence of the republican party and I believe he is an ideal candidate."

"The conservation question has not as yet deeply affected Minnesota, and I should say that the majority favors the Taft plan as outlined at the conservation congress last fall. In Minnesota the line on reciprocity may be drawn roughly between the cities and the country. The cities seem to favor the reciprocity idea, while the farmers possibly oppose the program."

While here Governor Eberhart was entertained by the Minnesota Club, the University of Minnesota alumni and Governor Marion E. Hay, of Washington a former resident of Minnesota, who accompanied the visitor on a trip to Fort George Wright and through the apple orchard and berry districts in the Spokane valley and other points of interest in the vicinity of Spokane. Governor Hay also accompanied Governor Eberhart on a trip across the state.

WORMS

Doctors laugh at "worms." Mothers pool-pool worms. Fathers sniff at worms, but children go on suffering with worms just the same. Surprising how Kickapoo Worm Killer will knock "pig-headedness" out of some parents and make them ashamed of letting their children suffer needlessly. Try K. W. K. and you will believe in worms and quit knocking. Price, 25c; sold by druggists everywhere.
